

2.5 Clinical Overview

2.2 Introduction

This is a template for eCTD Section 2.2 (Introduction) documents to be used with Microsoft® Word 2003.

For the styles available in this template please refer to the user guide provided with this set of templates.

Entries in headers and footers are to be adjusted to the appropriate values.

Sample headlines and text parts are provided below to assist users in choosing the appropriate settings and to assign styles and formats to their own texts by copy and paste. Please make sure to remove the samples from the document, as soon as they're obsolete.

Please make also sure to update all entries in the documents Table of Contents, Tables of Tables and Table of Figures as well as automated cross-references by pressing "Ctrl. A" followed by "F9" before saving the file.

This blue part of the document contains information for the author only and has to be deleted before finalization of the document.

NtA-V2B-comment:

The general introduction to the medicinal product should include its pharmacological class, mode of action and the proposed clinical use. In general the introduction should not exceed one page.

2.2.1 General Information on the Medicinal Product

2.2.2 Pharmacological Class

2.2.3 Mode of Action

2.2.4 Proposed Clinical Use

Example for a Table:

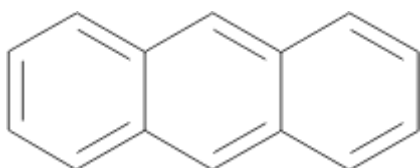

Table 2.2 – 1 This is an Example for a table.

"eCTD-Table-Cell-Heading"-style	"eCTD-Table-Cell-Heading "-style	"eCTD-Table-Cell-Heading
"eCTD-Table-Cell-Content"-style	"eCTD-Table-Cell-Content"-style	"eCTD-Table-Cell-Content"-style
"eCTD-Table-Cell-Content"-style	"eCTD-Table-Cell-Content"-style	"eCTD-Table-Cell-Content"-style
"eCTD-Table-Cell-Content"-style	"eCTD-Table-Cell-Content"-style	"eCTD-Table-Cell-Content"-style
"eCTD-Table-Cell-Content"-style	"eCTD-Table-Cell-Content"-style	"eCTD-Table-Cell-Content"-style
"eCTD-Table-Cell-Content"-style	"eCTD-Table-Cell-Content"-style	"eCTD-Table-Cell-Content"-style

Use "eCTD-Table-Figure-Legend"-style for table footnotes

Example for a Figure:

Figure 2.2 – 1This is an example for a figure.

Use "eCTD-Table-Figure-Legend"-style for figure footnotes
