

## **Carcinogenicity – Long Term Studies Study Report**

**STF-300**

**Hamster**

**<Generic Name/Trade Name>**

**<Protocol Identification (Code or Number)>**

**Author:**

<Name, highest academic degree>

<Address>

**Report Date:**

<Date>

**Study Director:**

<Name, highest academic degree>

**Test Facility:**

<Test Facility Name>

<Facility Address>

**Study Initiated:**

<Study Initiation Date>

**Study Completed:**

<Study Completion Date>

The investigations were conducted at the following research site:

<Enter research site information>

## GLP Compliance

This study was conducted in compliance with the good laboratory practice regulations under 21CFR Part58.

☐ Yes, sign below

☐ No, provide a brief statement below and sign below

<Provide a brief statement>

### 3. List of Abbreviations and Description of Terms

| Abbreviation | Description |
|--------------|-------------|
|              |             |
|              |             |
|              |             |
|              |             |
|              |             |
|              |             |
|              |             |
|              |             |

## 4. Introduction

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Praesent quis sollicitudin neque. Fusce vulputate dolor ac neque aliquet feugiat. Aenean iaculis tristique molestie. Aliquam purus neque, pharetra non lectus vel, sollicitudin imperdiet felis. Duis sagittis et augue at consequat. Vestibulum auctor suscipit condimentum. Donec vitae dignissim elit. Nam mollis gravida risus vitae interdum. Nunc malesuada turpis a mi luctus, non lobortis neque semper. Cras ac dictum elit. Fusce ultrices, odio id commodo blandit, erat magna cursus justo, non semper nulla leo non lectus. Maecenas at tempus risus.

## **5. Objectives of the Study**

## **6. Procedures**

## **7. Statistical Methods**

## 8. Personnel

Records of training and experience, as well as job descriptions for each individual engaged in or supervising the conduct of this study are maintained at the following testing facility:

|                               |                         |
|-------------------------------|-------------------------|
| <b>Test Facility Name:</b>    | <Test Facility Name>    |
| <b>Test Facility Address:</b> | <Test Facility Address> |
|                               |                         |

### 8.1 Study Director

### 8.2 Other Scientists, Professional or Supervisory Personnel

### 8.3 Quality Assurance Unit

## **9. Animal Care Facilities**

## **10. Animal Care**

## **11. Test and Control Articles**

### **11.1 Test and Control Article Characterization**

#### **11.1.1 Name**

#### **11.1.2 Chemical Abstract Number (or Code Number)**

#### **11.1.3 Strength**

#### **11.1.4 Purity**

#### **11.1.5 Composition**

#### **11.1.6 Other Characteristics**

### **11.2 Stability**

### **11.3 Methods**

## 12. Protocol

## **13. Reagents and Solutions**

## **14. Conduct of Nonclinical Laboratory Study**

## **15. Test Systems**

### **15.1 General Considerations on Test Systems**

### **15.2 Use of In Vivo and In Vitro Studies**

#### **15.2.1 Dosage and Regimen**

#### **15.2.2 Route of Administration**

## **16. Dose Levels or Concentration of Test Substance**

### **16.1 In Vivo Studies**

### **16.2 In Vitro Studies**

## **17. Duration and Exposure**

## **18. Cause for Concern**

## 19. Genotoxicity

## **20. Indication and Patient Population**

## **21. Route of Exposure**

## **22. Extent of Systemic Exposure**

## **23. Endogenous Peptides and Protein Substances or Their Analogs**

## **24. Safety Pharmacology Core Battery**

## **25. Follow-Up and Supplemental Safety Pharmacology Studies**

## **26. Circumstances that Affected the Quality or Integrity of the Data**

## **27. Storage of Data**

## **28. Summary and Analysis of the Data**

### **28.1 Conclusions from the Analysis**

## 29. References

## **30. Attachments and/or Appendices**

### **30.1 Protocol and Amendments**

### **30.2 Signatures of Principal or Coordinating Investigator(s)**

### **30.3 Audit Certifications and Reports**

### **30.4 Documentation of Statistical Methods and Interim Analysis Plans**

### **30.5 Documentation of Inter-Laboratory Standardization Methods of Quality Assurance Procedures (if used)**

### **30.6 Publications Based on the Study**

### **30.7 Important Publications Referenced in the Report**

### **30.8 Compliance and/or Drug Concentration Data**

### **30.9 Individual Subject Data Listings**

### **30.10 IND Safety Reports**
